

An aerial photograph of a dense mangrove forest. A winding river or canal cuts through the thick canopy of green trees. The water is a deep blue-green color. The overall scene is vibrant and natural.

# **ENVIRONMENTAL, SOCIAL, GOVERNANCE (ESG)**

# ENVIRONMENTAL, SOCIAL, GOVERNANCE (ESG)

As the need to address pressing sustainability issues grows, companies are striving to succeed in investing in an increasingly competitive and responsible future.

Elevate your business with BDO's comprehensive Environment, Social and Governance (ESG) consultancy and assurance services.

At BDO, we help companies throughout their sustainability journey, enabling them to meet emerging stakeholder expectations in the evolving sustainability landscape, whilst seizing opportunities along the transition pathway.

## HOW CAN WE HELP?

### ADVISE & STRATEGY

Assist business in aligning their operations with sustainable and responsible practices. By integrating ESG principles, companies are empowered to enhance their long-term resilience, reputation and contribute positively to the global community.

### CLIMATE

Provide strategic guidance, data-driven insights, actionable solutions to address climate challenges and reporting in accordance with international guidelines, like Greenhouse Gas (GHG) Protocol, TCFD and CDP.

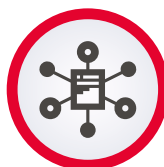

### SUPPLY CHAIN CONTROL

Offer comprehensive solutions to assess, optimise, and monitor supply chain operations through the angle of ESG criteria, to assist corporation in mitigating risks, enhancing resilience and contributing to a more sustainable global business ecosystem.

### SUSTAINABLE FINANCE

Offer sustainable finance solutions: ESG and impact screening, ESG due diligence, ESG portfolio management & ESG exit readiness services to guide financial institutions and businesses towards environmental and socially responsible investments.

### REPORTING

Offer tailored solutions to streamline data collection, ensure compliance with relevant reporting standards (i.e. Bursa Sustainability Guide, GRI and ISSA) and provide insightful analytics to enable organisation to transparently communicate their ESG performance.

### ASSURANCE

Offer a robust framework for validating and enhancing the credibility of ESG disclosures. We conduct thorough assessments to ensure accuracy, completeness and adherence to reporting standards.
